Rightway®

Which pharmacy option is right for you?

As your pharmacy benefit manager, Rightway ensures you get the medication you need at the lowest cost. Our extensive pharmacy network includes Walgreens, CVS, and many other convenient options, so you can choose the one that works best for your needs.

RETAIL PHARMACY

A retail pharmacy is a good choice when you need to fill a short-term prescription or if your medication is not available through mail order. Our network includes all major retail chains and most independent pharmacies, such as Walgreens, CVS, Walmart, Costco, and many others.

MAIL-ORDER PHARMACY

Mail order is ideal if you take the same prescription regularly and want it delivered to you. Walgreens Mail Service offers predictable copays and convenient 90-day auto-refills for brand-name or generic maintenance medications. Mark Cuban Cost Plus Drugs is best if you're looking for the lowest out-of-pocket prices on common generics.

SPECIALTY PHARMACY

Walgreens Specialty Pharmacy is your source for injections, infusions, and other medications that require special handling or storage. Mark Cuban Cost Plus Drugs also offers some specialty generics and biosimilars. The Rightway pharmacy team will guide you on which option is best for you.

CONTACT US FOR ONE-ON-ONE SUPPORT

Our expert team can help you find the right pharmacy for your needs, compare medication prices, manage the prior authorization process, and transfer your prescriptions.
