Rightway®

Prior authorizations made simple with Rightway.

Rightway manages the prior authorization process so you can get your medication faster.

What is prior authorization?

Prior authorization is when your doctor needs approval before certain prescriptions can be filled using your pharmacy benefits. If your prescription requires prior authorization, Rightway can work directly with your doctor to make the process as seamless as possible for you.

Rightway can help every step of the way.

Our pharmacy team can:

+ Contact your doctor directly to start the prior authorization process.
+ Provide information on copay assistance programs.
+ Coordinate home delivery of certain medications.
+ Answer questions about your medication and side effects.

Need support?

Our pharmacy experts are always available to answer any questions you have about the prior authorization process, which medications are affected, or your request status.

CHAT: Download the Righway app.
